In Calendar Year 2007, the Des Moines International Airport (DSM) retained its position as the 90<sup>th</sup> most active commercial airport in the nation, based on passengers. Total passenger traffic (in and out) was 1,982,633. Load factors (percentage of seats filled per flight) averaged more than 75%. The carriers at DSM averaged 60 domestic daily departures.

The average roundtrip airfare out of DSM was \$376. That compares favorably with Omaha's average roundtrip fare of \$311 and KC's average at \$279.
