In recognition of the 75th anniversary of the Des Moines International Airport, officials are announcing a celebratory promotion.

“From June 1 through December 31, one lucky person each day who parks in the towers will receive their parking free. It will be completely random so everyone will have a shot at it,” explains Aviation Director Craig Smith. **At the end of the year, we will have 214 winners.** “We will ask winners to provide a brief set of information and we will post the results on our Web site. It’s just a way for us to say ‘Thank You’ to our customers.”

Due to limitations with the accounting software, the promotion will only cover Short Term and Long Term. The surface Economy Lot and Airport 2 (east of Fleur) are exempt from the promotion. **Also, winners must exit through a staffed toll plaza.**

Each day, a different toll booth and start time will be designated. The 75th vehicle to exit using that staffed booth will be the winner. Because the “clock will start” at a different time each day, everyone will have a chance to win, regardless of what time they exit.

Good Luck!
