Officials at Des Moines International Airport (DSM) are pleased to report that nurses from Wesley Community Services will be making flu shots available again this year at the airport.

The shots will be available in the lower level of the terminal, in front of the former Business Center. The shots will cost \$20.

“This is a great customer service. If you know you have a flight coming up and you haven’t gotten your shot yet, you can get it taken care of before boarding”, explains Aviation Director Craig Smith. “Or, you can get your shot while you are here to pick up someone.”

FLU SHOT SCHEDULE

M-TU-TH-FR: 6:00am-8:00am

MON-FRI: 1:00pm-5:00pm

October 6-mid December
