“Not everyone knows we have resources available like these”, explains Des Moines International Airport (DSM) Properties Administrator Kevin Foley. “We have a lot of space and some big buildings that may be vacant, if that is what you need.”

Management of Des Moines-based **Slipknot** chose a site at DSM for the band’s new video. Production was held in one of the large, corporate hangars the Airport has available.

Adds Airport Spokesperson Roy Criss, “Last year, we were the host of a national commercial for **Qwest**. The Iowa Film Office recommends us and we appreciate that. And, obviously, Kevin is easy to work with.”

Anyone interested in renting Airport facilities can call 515-256-5100.
