

POST CAUCUS DEPARTURES AT AIRPORT

**CONTACT: ROY CRISS OR GARY HAGAN
515-256-5093**

Des Moines International Airport (DSM) officials, in cooperation with all Airport tenants (TSA, car rental companies, airlines, parking, and customer assistance companies) are reminding all Central Iowa air travelers **that January 4 & 5 will be extremely busy departure days at DSM.**

An estimated 2,000 rental cars will be returned those days and approximately 50% more people will be departing from the Airport than on a typical day. It is important that travelers remember the following:

- * Check Airline/Airport information systems to ensure flight status before leaving home.**
- * Pack and dress carefully so you do not cause a delay at security screening.**
- * Arrive at the Airport two hours before scheduled departure.**
- * Pay close attention to all signage.**
- * Have a government-issued photo ID ready with your ticket information.**
- * Above all, be patient.**

Many national and international media personnel will be attempting to leave Central Iowa. It will take the cooperation of everyone to ensure this happens efficiently and that the nation gets a good picture of the capability of Central Iowans.
